

INSTRUCTORS NEEDED!

Target Shooting School is seeking part-time Instructors for its new Kent Schools starting this September. During term time, we teach air rifle and air pistol to youngsters aged 10 to 18 after school and at weekends. Youngsters learn in an organised and disciplined environment. Each instructor has a maximum of 6 students per session, 3 shooting at one time, and will report to the Chief Range Officer. Sessions are two hours plus set-up/ take-down and remuneration is £31.00 per session.

We're helping to create the next generation of shooters and bring our sport back into the community. We wish to recruit active shooters, from any discipline, who enjoy promoting their sport. RCO, Instructor, Coaching qualifications are beneficial. DBS checks will be conducted. Teaching follows a syllabus and guidance around this is available as required.
